About me

- Engineer @ Fastly
- Co-founding member of GoBridge
- Go Time podcast show (@gotimefm) co-host

Why a Remote Meetup?

Why a remote meetup?

- As a speaker, you can bring your material to a greater audience
- If you live outside a big tech hub, isolation can lead to relative disadvantages
- Convenience for people with less mobility

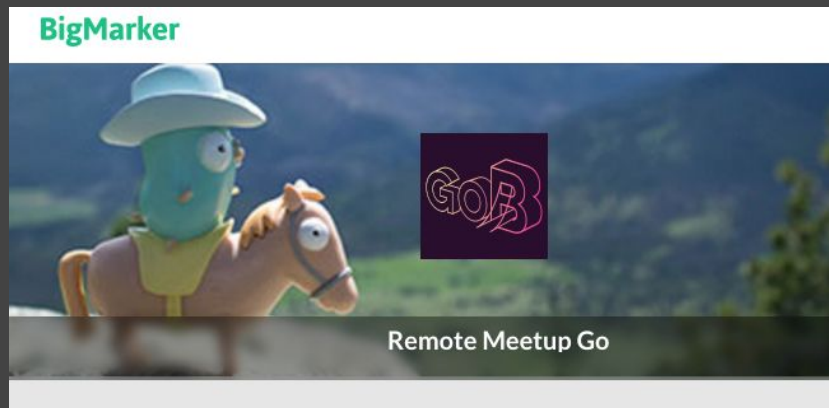

Solution: Go Remote Meetup

<http://remotemeetup.golangbridge.org>

BigMarker tool

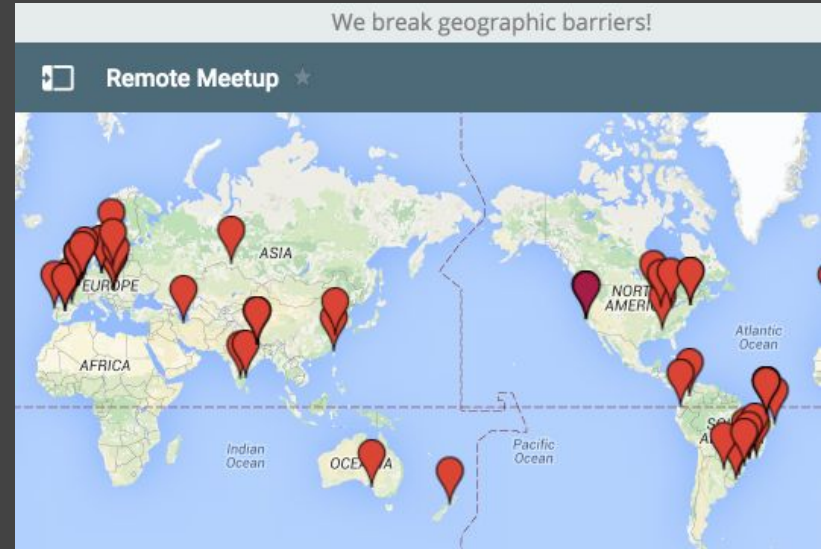

- Free (as in, sponsored)
- Interactive features
- Localized into many languages
- Super easy to use

History

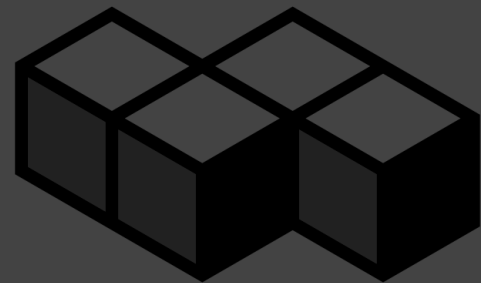

Partnership with
RemoteMeetup

<http://remotemeetup.com>

History

- Sponsorship from Compose.io
- ~~Allows for up to 100 attendees~~
- Allows for up to **1,000**
attendees

COMPOSE
AN IBM COMPANY

Features

- Presentations, tutorials, classes, demos, etc
- Up to 9 cameras and mics simultaneously
- The best day/time/time zone, and even language, depends entirely on what the presenter thinks is best
- Recording available within 24 hours
